A Runaway. Will White, of Caldwell's stable, had a narrow escape from serious injury early this morning in the vicinity of the Union depot. He was driving a spirited team attached to a light wagon, in which there was a lot of circus bills and paste. At the corner of Eldorado and Front streets White was hurled sprawling upon the brick pavement a distance of 15 feet, his head coming close to a telegraph pole. The team had made a sharp turn at the corner, and White fell off the seat. The horses kept on running and left the wagon on North Water street in a dilapidated state.

The Custodian. Mayor Kanan has appointed as custodian of Central Park, Abe De Baun, late of the street car line. The salary is \$25 a month. Mr. De Baun, who is clothed with special police power, is a gentlemanly custodian, and was an old soldier who receives a pension.

A Packed House. The Clark Comedy Company opened to an overflowing audience at the opera house last night, presenting "The Galley Slave" to the entire satisfaction of all present. The performance was smooth and good throughout and it was at once apparent that the company is the best cheap attraction that has ever struck Decatur. Miss Francis is a beautiful and accomplished actress, whose dresses are rich and elaborate. She has a charming stage presence and a clear voice with no affectation. Her support is strong. It includes T. B. Bridgeland, leading man, Dick Oglesby, comedian, who was a typical Frankfort Fitts, Grace Elwood, Mand Randall, Marion Denning, James Larkin, F. W. Bennett and others. It is gratifying to state that all are in good voice. See the company once and you will give every night. "The Shagbunn" Irish comedy will be the play to-night. Prices—10, 20 and 30 cents. The Roby Picnic. Mrs. Ghyton, the genial hostess of The Roby, yesterday served her annual picnic dinner to her now numerous family at Oakland Park. Her cordial invitation to the whole number who have been guests at any time was heartily responded to by about 75 persons, all with good appetites whetted up by anticipation of her well-known delicacies served in her inimitable style. A lovely June evening gave full scope for all sorts of pleasures, many "lads and lassies" whispered their words of love to the dip of the oar, while the "patrons and matrons" sat in pleasant groups. The merry children added grace to all. The grand finale was a regular "hoe down" and an "elbow jig" by some merry "boys and girls."

Long live the Roby—long may it stand—The pride of Decatur, the hope of the land. Long live its hostess, and full be its halls; And happiness ever be found in its walls. X.

Boom It. The adjourned mass meeting of merchants and citizens will be held at the court house to-night, when arrangements will be made for a monster celebration in Decatur on July 4th. Mr. Dills Dropped Dead. The following telegram tells of the manner of the death of A. N. Dills, father-in-law of F. M. Young and the late S. P. Young, of Decatur:

ATLANTA, ILL. June 13.—Our little city was greatly shocked on Saturday afternoon by the death of a man of our oldest and most highly respected citizens and business men, had dropped dead in his yard from apoplexy or heart disease. He had just given the alley to his brother-in-law, B. F. Duizel, and had returned and taken up his stethoscope to a little grass, and when first seen by members of his family was lying prostrate on the ground. He was immediately taken into the house and medical assistance called, but there was no pulse; he lived only a few minutes. Deceased came from Kansas by the railway route, and settled on Sugar Creek, near this place, in 1834. He soon afterward moved to Wayneville and engaged in the mercantile business with his brother-in-law, Jefferson Howard. When this place was laid out, in 1833, the firm came here, and did a very large grain and mercantile business. He during the time was also a partner with Mr. Lawton in the mercantile business in the banking business here, the firm being Dills, Kern & Co. He was the second president of the Union Fair Association, and in the death of the last of the charter members of the city, and the man who had been always a public-spirited citizen, and did much to build up the interests of this place. He was aged 63 years.

The closing recital by the teachers and pupils of the Musical College will be held at the Opera House Thursday evening, June 23d. Proceeds to establish a free scholarship for deserving pupils. 11-41w

Base Ball Chat. Staley went to Springfield this morning to remain until Wednesday night or Thursday noon.

The Decatur club has lost Dick Devore, the sure stop third baseman and hard hitter. Before leaving the club he was one of the paid fire department force. He thought he could put on a substitute to hold his place until the close of the ball season, but the fire commissioners at their meeting voted he should remain in his old place or give it up entirely. Dick decided that he would give up playing ball, and last night he was at work at the fire house seeing that the horses stole no buses. The club loses a good man by the retirement of Devore. Manager Brett will try to fill the vacancy. Dick has special permission to play on Thursday and Friday between the Danville Platts and the Decatur club Thursday and Friday afternoons excite general interest. The visitors have a dumb pitcher hard to hit.

The Decatur club will go to South Bend, Ind., the latter part of next week. There is some talk of the Danville city council challenging the Decatur city council for a game of ball.—Danville News.

That New Railway. There is a boom in prospect for Blue Mound. The Independent says:

The surveyors of the Springfield, Shelbyville & Cincinnati road arrived in this city on Thursday morning. The line passes just north of the school house and crosses the Wabash track at the wagon track south of the bridge, and then follows the creek under the direction of Capt. A. B. Fitch, of the Terre Haute, who gives it as his opinion that the road can be built the cheapest of any line he has ever surveyed. The price of the road is about \$100,000. The value of the road will be let at once and that most of the grading will be done this fall. Good, get off the track and let her go. It will enhance the value of the road, double the population of our village and give us a substantial boom. It's a good thing for us all.

The same road will pass through Moewqua, and cut through many fine farms on the way to Springfield.

The New German M. E. Church. The German M. E. congregation broke ground for their new church on the corner of E. North and Jackson streets yesterday. The edifice will be a handsome structure, 40x50 feet, fronting on North street, with a parsonage on the rear of the lot fronting on Jackson street; the whole will cost about \$10,000. The building will be of the Gothic style of architecture; will have a lecture room and a handsome audience room seating nearly 400. When completed this will be one of the neatest and most nicely arranged churches in the city, as it will be replete with modern improvements and conveniences. This little congregation numbers only about 90 members, yet it is one of the best working churches of the city. They have a Sunday school of from 60 to 75 members; also a cottage meeting in the fifth ward which is well attended and where there are loud calls for a German Sunday school. They are ready to take up this work when a building can be secured for the purpose. The congregation are doing a good work by way of house to house visitation. Some 3,000 German tracts and many Bibles and Testaments have been given away in this manner, besides 450 Polish tracts among and to that class of people, who are at home neither in the American or German church, and among whom hundreds can be found who seldom, if ever, enter any church. Hence the house to house visitation, among this class especially, is commendable, and certainly is a work that ought to be encouraged, for it is always among non-church going people that the community finds its greatest enemies and the most difficult to win to the law breakers. This little band was educated in christian giving, too. \$10,000 is a very large sum for three to raise; probably not fifty heads of families among their number, yet they began at home to raise the money, and the pastor's subscription list shows almost four thousand dollars already pledged from its members, in sums of from \$5.00 to \$50.00 each.

They have sold their lot for \$1,000 cash, and they will probably call upon our citizens for some help, and we are sure if the facts are known that they will receive encouragement in their enterprise which is certainly a good work in our city.
